 Crop: Corn

Management Zone Map

Management Zone Legend

This map defines the general yield ranges that exist within this field based on the average yield provided for the year you defined.

This map is not intended to duplicate an actual yield map of the field, only a range of yields as defined by historical remote sensing.

Map accuracy can be improved greatly with more accurate information on yield ranges. Contact PGA for Details

Yield	Acres:343.1	N(lbs)	P(ppm)	K(ppm)
Low	68.6	30	10	110
	66.5	38	8	125
Avg	65.2	42	7	120
	72.2	54	5	135
High	70.7	50	6	160
